## Valves

### Worcester

- A domestically produced line of ball valves for all your process needs. Available pneumatically or electrically actuated.

### Avco

- Alloy Valves and control produces ball valves and flow control products for process industry. Domestically produced. Stocking all alloys, hastelloy, monel, alloy 20 and duplex.

### SVF

- Ball valves for all process requirements

### Asco

- World leader in solenoid valves

### Mercer

- Relief valves

### ABZ

- Butterfly valves

### Apollo

- Competitive ball valves

### Cashco

- Control valves

### Fluroseal

- Plug valves

### Kunkle

- Relief valves

### Strahman

- Ram type drain valves

### Jamesbury

- Manufacturer of ball and butterfly valves.  
Can be provided actuated and manual versions.

### Flotite

- Economical ball valves stocked in USA. Available in all end connections and materials of construction.

### Habonim

- Manufacturer of ball valves. All alloys and elastomers can be supplied for your process needs.

### Waukesha Cherry Burrell

- Sanitary & control valves

## Actuators

### Rotork

- Manufacturer of actuation for all your needs

### RCI

- Producer of actuators both custom and standard configurations

### Dynatec

- Manufacturer of economical ball valves for your process needs

### Unitorq

- Manufacturer of rack and pinion actuation for all your valve needs

## Controls & Instruments

### Ashcorft

- Gauges

### Dwyer

- Gauges

### Hedland

- Flow measurement solution for all process needs

### Topworx

- Limit switches and indicator packages

### PMV

- Positions

### Worcester

- Actuators
- Switch Packs
- Positioners
